

VATE has developed a suite of online lectures to help students revise for the **VCE English, EAL, English Language** and **Literature** exams. These online recordings offer students the opportunity to hear and learn from experienced VCE teachers and examiners who provide insights into key aspects of the exams for each of the VCE English Studies. These online lectures can be accessed on any computer and mobile device for extra revision as a whole class or for students to revise in their own time. Access to these lectures is unlimited and available until the end of this year.

Please refer to prices listed below – prices are per school. Please note VATE member prices and non-member prices.
