

Hot Topics Seminar for English Teachers: Is generative AI hot sizzling?

A professional learning seminar for Preservice teachers, early career teachers, practising teachers, HODs and out-of-field teachers.

What is the future of learning in the age of AI? And what about writing? And cheating? And thinking? In 2023, Deakin University Professional Learning Education Hub and the Victorian Association for the Teaching of English (VATE)'s successful series of online Hot Topics seminars continues, with a special seminar on Generative AI in English. Led by Dr Lucinda McKnight and industry expert Leon Furze (both former English teachers), this seminar will bring teachers up to date with all the controversies, theories, strategies and tips for dealing with this latest massive change.

Date:

► Monday 4th September 5pm – 5.45pm

Cost: \$40 per session

Delivered online via Zoom
