WE WANT YOUR STORY

ANNOUNCEMENT

(human) Being is a new anthology **celebrating queer voices, experiences** and creativity. It will be written by secondary students and teachers **across Victoria.**

We're looking for:
short stories
poems
personal pieces
lists, letters, comics, illustrated work

There's **no 'right' way** to write. Your piece doesn't have to be polished. You don't have to share it with **anyone** at school first.

If you've ever written something just for yourself, or thought maybe one day... this could be that day.

Submissions are open now.
